

October 5, 2016

Dear Shareholders:

On behalf of the board of directors of Khan Resources Inc. ("**Khan**" or the "**Corporation**"), I would like to invite you to attend Khan's special meeting of shareholders (the "**Meeting**") to be held on Thursday, November 10, 2016 at 10:00 a.m. (Eastern Standard Time) at the offices of Davies Ward Phillips & Vineberg LLP, 40<sup>th</sup> Floor, 155 Wellington Street West Toronto, Ontario.

At the Meeting, shareholders will be asked to approve the voluntary liquidation and dissolution of Khan (the "**Winding Up**"), which proceedings will include the distribution of cash to shareholders in two or more instalments as part of the Winding Up. Khan anticipates that the initial distribution of CDN\$0.85 per share will be made as promptly as practicable following the approval of the shareholders of the Winding Up, by way of a return of capital. Any further distribution of cash will be made in one or more instalments following receipt of funds pursuant to the liquidation of the remaining assets of Khan and the winding up its remaining subsidiary, and the satisfaction of all liabilities, including expenses of the Winding Up, on a distribution date to be determined by the liquidator pursuant to the plan of liquidation and dissolution (the "**Liquidation Plan**"). At this time, Khan anticipates that any further distributions of cash as part of the Winding Up would aggregate between CDN\$0.01 and \$0.08 per share.

In order to proceed with the Winding Up, shareholder approval by special resolution is required. The enclosed Management Information Circular ("**Circular**") describes the business to be conducted at the Meeting, including approval of the Winding Up and the Liquidation Plan.

The board of directors of Khan (the "**Board of Directors**") has determined that it is in the best interests of Khan and its shareholders to distribute the net proceeds of Khan's recent international arbitration settlement with the Government of Mongolia to its shareholders and to voluntarily wind up the Corporation. **The Board of Directors is unanimously recommending that shareholders vote FOR the Winding Up resolution on the enclosed proxy form.**

Your participation in the Meeting is important, regardless of the number of shares you hold. Whether or not you intend to attend the Meeting, please complete the enclosed form of proxy in accordance with the instructions set out therein and in the Circular and promptly return the form of proxy in the enclosed envelope.

I would like to personally express my appreciation to all shareholders for your support during our international arbitration with the Government of Mongolia. Through this arbitration, we were able to obtain US\$70 million as compensation for the Government of Mongolia's actions in relation to the cancellation of Khan's uranium licenses in 2009. The Board of Directors believes

that, in the circumstances, the distribution of these settlement proceeds and the Winding Up of the Corporation is the best possible outcome for Khan and its shareholders.

We hope that we will have the opportunity to welcome you to the Meeting.

Sincerely,

GRANT A. EDEY (signed)  
Chairman, President and Chief Executive Officer

## VOTING INFORMATION

### Voting Matters

At the Meeting, shareholders are voting to approve the following matters as a special resolution attached hereto as Appendix A (the "**Special Resolution**"): (i) the voluntary winding up of the Corporation pursuant to the *Business Corporations Act* (Ontario) (the "**OBCA**"), (ii) the plan of liquidation and distribution substantially in the form attached hereto as Appendix B (the "**Liquidation Plan**"), and (iii) an initial distribution to shareholders of \$0.85 per share in cash in the course of the winding up and discontinuance of Khan's business by way of a return of stated capital.

## **Who Can Vote**

The record date for the Meeting is October 4, 2016. Holders of record of Common Shares as of the close of business on October 4, 2016 are entitled to vote at the Meeting. Each Common Share is entitled to one vote on those items of business identified in the Notice of Meeting.

## **Voting your Common Shares**

### **Registered Shareholders**

If you are a registered shareholder, you may attend and vote in person at the Meeting or give another person authority to represent you and vote your shares at the Meeting, as described below under "Voting by Proxy".

### **Non-registered Shareholders**

Your Common Shares may not be registered in your name but in the name of a nominee, which is usually a trust company, securities broker or other financial institution. If your Common Shares are registered in the name of a nominee, you are a non-registered shareholder. Your nominee is required to seek your instructions as to how to vote your shares. You may vote your Common Shares through your nominee or in person.

To vote your Common Shares through your nominee, you should carefully follow the instructions of your nominee with respect to the procedures to be followed for voting. Generally, nominees will provide non-registered shareholders with either: (a) a voting instruction form for completion and execution by you, or (b) a proxy form, executed by the nominee and restricted to the number of shares owned by you, but otherwise uncompleted. These procedures are to permit non-registered shareholders to direct the voting of the Common Shares that they beneficially own.

If you are a non-registered shareholder, to vote your shares in person at the Meeting, you should take the following steps:

- (1) appoint yourself as the proxy holder by writing your own name in the space provided on the voting instruction form or form of proxy; and
- (2) follow the nominee's instructions for return of the executed form or other method of response.

Do not otherwise complete the form as your vote, or the vote of your designate, will be taken at the Meeting.

### **Voting by Proxy**

If you will not be at the Meeting or do not wish to vote in person, you may still vote by using the enclosed proxy form. A proxy must be in writing and must be executed by you or by your attorney authorized in writing.

#### *Your Proxy Vote*

On the proxy form, you can indicate how you want to vote your Common Shares, or you can let your proxy holder decide for you.

All Common Shares represented by properly completed proxies received at the Toronto office of TMX Equity Transfer Services ("**TMX Equity**") by 10:00 a.m. (Toronto time) on November 8, 2016 or the last business day before any adjourned or postponed Meeting will be voted or withheld from voting, in accordance with your instructions as specified in the proxy, on any ballot votes that take place at the Meeting. If you give directions on how to vote your shares, your proxy holder must vote your shares according to your instructions. If you have not specified how to vote on a particular matter, then your proxy holder can vote your shares as he or she sees fit. **If neither you nor your proxy holder gives specific instructions, your Common Shares will be voted as follows:**

- **FOR** the Special Resolution as set out in Appendix A of this Circular.

### *Appointing a Proxy holder*

A proxy holder is the person you appoint to act on your behalf at the Meeting and to vote your shares. **You may choose anyone to be your proxy holder, including someone who is not a shareholder of Khan.** Simply fill in the name in the blank space provided on the enclosed proxy form. If you leave the space in the proxy form blank, the persons designated in the form, who are officers of Khan, are appointed to act as your proxy holder.

Your proxy authorizes the proxy holder to vote and act for you at the Meeting, including any continuation after an adjournment or postponement of the Meeting.

### *Revoking Your Proxy*

If you give a proxy, you may revoke it at any time before it is used by doing any one of the following:

- You may send another proxy form with a later date to the Toronto office of TMX Equity, but it must reach TMX Equity by 10:00 a.m. (Toronto time) on November 8, 2016 or the last business day before any adjourned or postponed Meeting.
- You may revoke a proxy as set out below or in any other manner permitted by law:
  - by depositing an instrument in writing that is signed by the shareholder or by an attorney who is authorized by a document that is signed in writing or by electronic signature; or
  - by transmitting, by telephonic or electronic means, a revocation that is signed by an electronic signature if the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of the shareholder or the attorney, as the case may be.

The instrument or revocation must be received at the registered office of the Corporation, located at The Exchange Tower, 130 King Street West, Suite 1800, Toronto, Ontario, M5X 1E3 or by facsimile at (416) 947-0167, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment of it, at which the proxy is to be used, or by the Chairman of the Meeting on the day of the Meeting, or any adjournment of the Meeting.

## ADDITIONAL MATTERS PRESENTED AT THE SPECIAL MEETING

The enclosed proxy form or voting instruction form confers discretionary authority upon the persons named as proxies therein with respect to any amendments or variations to the matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting.

If you sign and return the proxy form for Common Shares and any matter is presented at the Meeting in addition to the matters described in the Notice of Meeting, the Khan officers named as proxies will vote in their best judgment. When this Circular went to press, management of Khan was not aware of any matters to be considered at the Meeting other than the matters described in the Notice of Meeting or any amendments or variations to the matters described in such notice.

## VOTING SHARES

The Common Shares are the only shares entitled to vote at the Meeting. As at the date hereof, 88,666,482 Common Shares were issued and outstanding. The holders of Common Shares are entitled to one vote per Common Share.

## WINDING UP OF THE CORPORATION

The Board of Directors of the Corporation proposes, for the reasons described below, to voluntarily wind up the Corporation (the "**Winding Up**") pursuant to section 193 of the *Business Corporations Act* (Ontario) (the "**OBCA**"), which Winding Up will become effective and commence upon passing of the Special Resolution. For a brief summary of the steps required to complete the Winding Up and the anticipated timing of each step, see "Overview of Steps to Complete the Winding Up" below. **Notwithstanding shareholder approval of the Special Resolution, at any time until appointment of the Liquidator (as defined herein), the Board of Directors will retain the discretion to discontinue the Winding Up if they determine that continuing with the Winding Up is no longer in the best interests of the Corporation and its shareholders.** See "Winding Up Procedure" beginning on page 9.

Khan anticipates that the initial distribution of \$0.85 per share will be made as promptly as practicable following the approval of the shareholders of the Winding Up.

The Board expects that the distributions to be made to shareholders following shareholder approval of the Winding Up, including the initial distribution of \$0.85 per share, will be made by way of a reduction of stated capital, to the extent possible under applicable law, and that any excess distribution will be made as a dividend. See "Winding Up Distributions" below. The Winding Up, including the initial distribution of \$0.85 per share by way of reduction of stated capital, requires shareholder approval by a special resolution. See "Resolution of the Shareholders Approving the Winding Up" for the full text of the Special Resolution. The Board of Directors of the Corporation has determined that the Winding Up pursuant to the Liquidation Plan is advisable and in the best interests of the Corporation and its shareholders and has approved the Winding Up. **The Board of Directors of the Corporation unanimously recommends that shareholders vote in favour of the Special Resolution.**

## **Background**

### **Cancellation of Uranium Licences**

Khan is a Canadian-based company that had interests in certain uranium properties that are located in the Dornod district of north eastern Mongolia (the "**Dornod Uranium Property**"), a district that contains a number of known uranium deposits. These interests consisted of a 58% interest in an open pit mine (Dornod Deposit No. 2) and approximately two-thirds of an underground deposit (Dornod Deposit No. 7) (the "**Main Dornod Property**") and a 100% interest in 243 hectares of land contiguous with the Main Dornod Property (the "**Additional Dornod Property**"). Khan held the interest in the Main Dornod Property through its wholly-owned subsidiary Khan Resources Bermuda Ltd. ("**Khan Bermuda**"), which held a 100% interest in CAUC Holding Company Ltd. ("**CAUC Holding**"), which in turn held a 58% interest in Central Asian Uranium Company, LLC ("**CAUC**"), the owner of the Main Dornod Property.

The mining license held by CAUC in respect of the Main Dornod Property was submitted to the Mineral Resources and Petroleum Authority of Mongolia ("**MRPAM**") Department of Geology and Mining Cadastre for re-registration and was re-registered on January 23, 2007 with a term of 30 years commencing September 30, 1997 in accordance with the legal regime that governed the exploration and exploitation of mineral resources in Mongolia, as revised on July 8, 2006 (the "**Minerals Law**"). The mining license previously had a term of 15 years commencing September 30, 1997. All other terms and conditions of the mining license were unaltered.

On July 15, 2009, Khan reported that it had received notice from the Mineral Resources Authority of Mongolia ("**MRAM**") (formerly MRPAM) that the mining license for the Main Dornod Property, held by CAUC, had been suspended. Subsequently, following communications with MRAM and the State Specialized Inspection Agency of the Government of Mongolia (the "**GOM**"), Khan was informed that the mining license was suspended based on the conclusions of the State Inspector who determined that CAUC was allegedly in violation of applicable laws by reason of it not having registered its deposit reserves with the State Integrated Registry for approval by the Minerals Council; however, CAUC had submitted its reserve calculations to MRAM for registration in accordance with Mongolian law initially in 2007 and again in 2008. On January 14, 2010, Khan announced that a settlement had been reached with MRAM whereby the suspension of the mining license for the Main Dornod Property, held by CAUC, had been terminated. Khan viewed this settlement as having finally resolved the July 2009 suspension of the mining license, despite subsequent reports circulated by the Mongolian Nuclear Energy Agency (the "**NEA**") that the settlement was not valid. The MRAM formal report on such reserve and resource calculations was never rendered. Notwithstanding its continued efforts to register its reserves, CAUC never received approval or registration of its reserves in respect of the Main Dornod Property.

The exploration license was renewed for an additional three-year period in February 2008 with expiry on February 11, 2011. Khan had previously taken steps to convert the exploration license for the Additional Dornod Property into a mining license in accordance with the Minerals Law. To this end, Khan had submitted the reserve and resource calculation for the Additional Dornod Property, prepared in accordance with Mongolian standards and requirements, to MRAM which was a necessary precondition in the process of converting an exploration license to a mining license in accordance with the Minerals Law. The MRAM formal report on such reserve and resource calculations was never rendered.

On July 16, 2009, the Great Khural (the "**Mongolian Parliament**") passed a nuclear energy law (the "**Nuclear Energy Law**") that classifies all radioactive mineral deposits, regardless of size, as strategically important mineral deposits and regulates the nuclear energy industry in Mongolia, including the exploration, exploitation, development, mining and sale of uranium. The new law became effective on August 15, 2009. In connection with the passing of the Nuclear Energy Law, the Mongolian Parliament enacted certain procedures relating to the re-registration of existing exploration and mining licenses held prior to the Nuclear Energy Law becoming effective. Existing license holders were required to submit an application to the State Administrative Authority and renew and re-register their existing licenses by November 15, 2009. In order to have licenses re-registered, applicants were required to agree to abide by all of the conditions and requirements set out in the Nuclear Energy Law, including acceptance of the State's 51% or 34% share participation in the license holder, as applicable. Any licenses not re-registered under the Nuclear Energy law, as required, were considered to automatically be suspended. Khan submitted the applications for the renewal and re-registration of the mining license and exploration license in respect of the Dornod Uranium Project on November 10, 2009. On October 8, 2009, CAUC and Khan Resources LLC ("**KRL**") received notices (the "**October 8 Notices**") which stated that in connection with the implementation of the Nuclear Energy Law, the existing mining license and exploration license should be considered invalidated, and that CAUC and KRL should not undertake any activities under the licenses until they obtain new licenses from the NEA under the new law. Khan inquired as to the grounds and consequences of such invalidations, and was informed by the NEA that all licenses held by all uranium license holders in Mongolia had been temporarily suspended in October 2009, pending re-registration of such licenses under the Nuclear Energy Law. Accordingly, Khan interpreted the October 8 Notices as an administrative matter which meant only that its licenses, like those of all other license-holders in Mongolia, were temporarily suspended pending re-registration under the new law. As discussed above, Khan submitted the applications for the renewal and re-registration of the mining license and exploration license for the Dornod Uranium Project on November 10, 2009. The applications were in compliance with the requirements of the new legislation, including the requirement to state that the license holder accepted the ability of the Mongolian State to take an ownership interest in the license-holder.

Subsequently, CAUC received a formal notice from the State Property Committee (the "**SPC**") of Mongolia requiring CAUC to propose to its shareholders a resolution to approve an increase of the Mongolian State ownership in CAUC to 51%. The notice provided that if a favourable resolution was not provided to SPC by January 31, 2010, CAUC's mining license would be in danger of revocation. In response to the SPC notice, effective January 25, 2010, each of MonAtom LLC ("**MonAtom**"), a Mongolian state owned company holding 21% of the shares of CAUC, and CAUC Holding, the wholly owned subsidiary of Khan through which Khan holds its interest in CAUC, on the basis of their collective 79% holding of the outstanding capital of CAUC, authorized and approved an increase in MonAtom's ownership interest in CAUC from 21% to 51%, with a corresponding dilution of ownership interests of CAUC Holding and JSC Priargunsky Industrial Mining and Chemical Union ("**Priargunsky**"). Priargunsky, a 21% shareholder and voting member of CAUC, abstained from voting.

The CAUC shareholders' resolution was subsequently submitted to the SPC by the January 31, 2010 deadline. KRL did not receive a similar notice from the SPC in respect of its exploration licence. Subsequently, Khan announced on April 13, 2010 that CAUC and KRL had received notices from the NEA stating that the mining license for the Main Dornod Property and the exploration license for the Additional Dornod Property had been invalidated. The invalidations purported to be effective as of October 8, 2009 and purported to be based on a failure by CAUC and KRL to address violations of Mongolian law stemming from a July 2009 report issued by an inspection team appointed by the Mongolian State Specialized Inspection Agency in respect of the mining license. In response, CAUC and KRL filed separate formal claims in, and received favourable rulings from, the Capital City Administrative Court in Mongolia challenging the legal basis for the notices received from the NEA purporting to invalidate CAUC's mining license and KRL's exploration license.

However, the NEA did not reinstate and re-register the Corporation's licenses pursuant to the Nuclear Energy Law. On November 12, 2010, the NEA published what it called an official notification in certain Mongolian newspapers stating that it did not intend to reissue the CAUC and KRL licenses. The notices broadly accused KRL and CAUC, among other things, of disrespecting state laws and legislation and failing to fulfill conditions and requirements set out by law. The newspaper notice did not constitute an official decision which, under Mongolian law, must include the legal reasons for making such a decision. Khan continues to believe that there exists no legal basis for the NEA to have refused to reinstate and re-register its licenses and that it had always acted in conformance with Mongolian laws. Khan formally demanded to receive the official decision of the NEA in respect of its licenses, but never received a formal response.

## **International Arbitration with the GOM**

In January, 2011, Khan initiated an international arbitration action against the GOM (the "**International Arbitration**") for causing substantial loss and damage to Khan through expropriatory, unlawful, unfair and discriminatory treatment in relation to Khan's licenses for the Dornod Uranium Project. The presiding tribunal (the "**Tribunal**") was constituted under UNCITRAL Arbitration Rules on May 9, 2011 and consisted of three well-known and highly respected international arbitrators: Mr. Yves Fortier of Canada (appointed by Khan), Mr. Bernard Hanotiau of Belgium (appointed by the Government of Mongolia), and Mr. David A.R. Williams of New Zealand (appointed as the presiding arbitrator by Messrs. Fortier and Hanotiau).

The Tribunal held its first hearing on June 21, 2011 to discuss scheduling and procedural matters. Prior to this hearing, counsel for the GOM brought a motion seeking "bifurcation" of the hearings into two separate phases: the first phase to hear various jurisdictional objections made by the GOM, and then a second phase to hear the merits of the case. The Tribunal held a hearing on September 19, 2011 to address the issue. Following the hearing, Khan and the Government of Mongolia agreed to a two phase process. As part of the agreement, the Government of Mongolia has explicitly consented that all of the claims will be heard in this single action rather than in multiple arbitrations.

Following a hearing on May 14, 2012, the Tribunal ruled entirely in Khan's favour on matters of jurisdiction and dismissed all of the GOM's objections to the continuance of the suit. The action then progressed to the quantum and damages phase and on December 7, 2012, Khan submitted to the Tribunal seven volumes of documentation in support of its claim. The GOM filed their Statement of Defense and Counterclaim on April 5, 2013. Khan submitted its response to the Statement of Defense and Counterclaim on June 28, 2013. Additional information was provided to the participants by Khan on July 28, 2013. The GOM filed its response on time by October 4, 2013.

On November 11 through November 15, 2013, the formal hearing by the Tribunal was completed as scheduled and two post-hearing briefs were subsequently submitted, the first on February 5, 2014 followed by a final brief on April 11, 2014.

On March 2, 2015, the Tribunal rendered an arbitral award (the "**Arbitral Award**") of approximately US\$100 Million (comprised of a base amount of US\$80 million plus interest at LIBOR +2% (compounded annually) from July 1, 2009 to the time of payment and costs of US\$9.1 million) against the Government of Mongolia and MonAtom. Khan filed a petition for confirmation of the Arbitral Award in the US District Court in the District of Columbia on June 12, 2015. The petition for confirmation was brought under the United Nations Convention for the Recognition and Enforcement of Foreign Arbitral Awards and under the United States Federal Arbitration Act.

On July 14, 2015, the Corporation received a one page notice from the Chief Clerk of the French Court of Appeal in Paris that the Government of Mongolia initiated an attempt to annul the Arbitral Award on July 9, 2015. Under French law, an international arbitral award rendered in France can only be set aside on five grounds, restrictively interpreted and applied by French courts, which are: (1) The arbitral tribunal wrongly upheld or declined jurisdiction; (2) The arbitral tribunal was not properly constituted; (3) The arbitral tribunal ruled without complying with the mandate conferred upon it; (4) Due process was violated; and (5) Recognition or enforcement of the award is contrary to international public policy. On December 9, 2015, the GOM filed its written brief with the French Court of Appeal containing the basis for seeking annulment of the Arbitral Award.

## **International Arbitration Settlement**

On March 6, 2016, Khan and the GOM signed an agreement whereby in consideration of payment to Khan of US\$70 million (the "**Settlement Amount**") on or before May 16, 2016, all outstanding matters pursuant to the international arbitration award received by Khan are resolved and terminated. The GOM further agreed to withdraw and discontinue the proceedings to annul the Arbitral Award before the Paris courts. Upon receipt of the consideration by Khan, all other proceedings were terminated by Khan, including the certification application for the Arbitral Award in the U.S. District court in Washington.

On March 16, 2016, Khan announced that it received a notice of discontinuance from the Paris Court of Appeal that the annulment proceedings initiated by the Government of Mongolia against the Arbitral Award rendered in favour of Khan were now terminated. Khan also announced that proceedings in the US District Court for recognition of the

Arbitral Award had been stayed, pending receipt of the Settlement Amount. On May 10, 2016, the Settlement Amount was deposited with an escrow agent in New York.

On May 18, 2016, the Settlement Amount was released from escrow and the funds were transmitted to Khan. With the transmittal of the funds, Khan's counsel secured a dismissal order from the United States District Court in Washington, DC of Khan's petition for certification of the Arbitral Award.

### **Wind Up of Subsidiaries and Repatriation of Settlement Amount**

The Settlement Amount was received by Khan and its subsidiaries on May 18 and May 19, 2016. Khan received US\$14.8 million directly and its subsidiaries received US\$55.2 million, of which 64% was attributable to the diminution in value of the shares and indebtedness of CAUC and the remaining 36% was attributable to the diminution in value of the shares of Khan Resources LLC ("**Khan Mongolia**") caused by the GOM's actions. As such, US\$35.3 million was paid to CAUC Holding, which owned 58% of CAUC, US\$5.0 million was paid to Khan Bermuda, which owned 25% of Khan Mongolia and US\$14.9 million was paid to Khan Resources B.V. ("**Khan BV**"), which owned 75% of Khan Mongolia.

Subsequent to the receipt of the Settlement Amount, Khan, in conjunction with its legal, accounting and tax advisors, investigated and evaluated various options to distribute the Settlement Amount to shareholders in an efficient and timely manner. Khan discharged certain liabilities, including contingent payments due to legal counsel in connection with the International Arbitration. In addition, Khan's corporate structure was reorganized and simplified, resulting in a better alignment of fiscal year-ends for Khan and its subsidiaries. As part of the reorganization, the 75% interest of Khan Mongolia held by Khan BV was transferred to Khan Bermuda.

In addition to the reorganization transactions outlined above, Khan considered various transactions to accelerate and maximize shareholder distributions. To this end, following the reorganization of Khan's corporate structure, Khan entered into a share purchase agreement (the "**Khan Bermuda Purchase Agreement**") with an independent third party on August 17, 2016 for the purchase of all of the issued and outstanding shares of Khan Bermuda. Under the terms of the Khan Bermuda Purchase Agreement, Khan sold all of the shares of Khan Bermuda (and accordingly, all of Khan's interest in CAUC Holding and CAUC and Khan Mongolia) for a cash purchase price of US\$38.5 million.

While the proceeds of the sale were less than the consolidated assets of Khan Bermuda, the discount is offset by the present-value benefits that Khan shareholders will receive due to a more expeditious distribution of cash and the avoidance of the costs to liquidate the subsidiaries and attendant risks. The Board of Directors of Khan unanimously determined that the sale of Khan Bermuda was in the best interests of Khan and was fair to its shareholders as it further simplified Khan's corporate structure and avoided the need to wind-up and repatriate cash from foreign subsidiaries in multiple jurisdictions and reduced or eliminated any risks to Khan associated with such subsidiaries.

Subsequent to the sale of Khan Bermuda, Khan initiated winding up proceedings for its one remaining subsidiary, Khan BV. Following the winding-up of Khan BV, Khan will no longer have any subsidiaries.

### **Winding Up Procedure**

If the Winding Up and the Liquidation Plan are approved at the Meeting, the Winding Up and implementation of the Liquidation Plan will commence immediately on passing of the Special Resolution and the Board will, as promptly as practicable following the Meeting, set the record date for payment of the initial distribution of \$0.85 per share by way of reduction of stated capital (the "**Initial Distribution**"). Pursuant to the Special Resolution, the Board will be appointed the initial liquidator of the estate and effects of the Corporation for the purpose of winding up the Corporation's business and affairs and distributing its property until such time as the Board, in its discretion, appoints a Liquidator (as defined below) to complete the Winding Up. **At any time until appointment of the Liquidator, the Board of Directors will retain the ability to discontinue or suspend the Winding Up if they determine the Winding Up is no longer in the best interests of the Corporation.**

The full text of the Liquidation Plan is attached hereto as Appendix B and shareholders are urged to read the Liquidation Plan in its entirety. The description of the Liquidation Plan below is a summary and is qualified in its entirety by the more detailed information contained in Appendix B. The implementation of the Winding Up and the Liquidation Plan will have a number of consequences, including but not limited to the following:

- the Board will be appointed the initial liquidator of the estate and effects of the Corporation for the purpose of winding up the Corporation's business and affairs and distributing its Assets (as defined in the Liquidation Plan), after satisfying all Claims (as defined in the Liquidation Plan), all in accordance with the Liquidation Plan;
- the Board will declare a record date for the payment of the Initial Distribution;
- the Corporation will cease to carry on its undertaking, except insofar as may be required or beneficial for the Winding Up in the discretion of the Board or the Liquidator, as applicable;
- to the extent permitted by the Canadian Stock Exchange (the "CSE"), the Common Shares will continue to trade on the CSE until such time as the Board, in its discretion, appoints a Liquidator (see "**Trading of Shares**" below); and
- at a time to be determined by the Board in its sole discretion, an accounting firm or professional restructuring and advisory firm (the "**Liquidator**") will be appointed the liquidator of the estate and effects of the Corporation for the purpose of winding up the Corporation's business and affairs and distributing its Assets (as defined in the Liquidation Plan), after satisfying all Claims (as defined in the Liquidation Plan), all in accordance with the Liquidation Plan;
- concurrent with the appointment of the Liquidator, each of Grant Edey, Bruce Gooding and Jeremy Budd (collectively, the "**Inspectors**") will be appointed inspectors of the Corporation's liquidation pursuant to section 194 of the OBCA; and
- as promptly as practicable following the appointment of the Liquidator, the Common Shares will be delisted from the CSE.

Following commencement of the Winding Up, the Board, in its capacity as liquidator, and any Liquidator appointed by the Board, will have control of the estate and effects of the Corporation for purposes of the Winding Up. The Corporation itself will cease to carry on its business and any other undertaking, except as may be required or beneficial for the Winding Up. The powers and authorities of the Board (in its capacity as liquidator) and the Liquidator are derived from the OBCA and the Liquidation Plan. After appointment of the Liquidator, the Inspectors will effectively oversee and supervise the Liquidator's conduct of the Winding Up. Under the Liquidation Plan there are certain powers that the Liquidator can only exercise with the prior approval of the Inspectors (including bringing or defending actions in the name of the Corporation). See the full text of the Liquidation Plan attached hereto as Appendix B. Without Inspectors, these powers would require the prior approval of the shareholders which, in turn, would require the Liquidator to convene a shareholders' meeting in such instances, which would be administratively burdensome, costly and time consuming, and could delay the ultimate completion of the Winding Up and therefore the final distribution to shareholders.

If the Winding Up, the Liquidation Plan and the Initial Distribution are approved at the Meeting, the steps set forth below will be completed following the Effective Date at such times as the Board or the Liquidator, as applicable, deems necessary, appropriate or advisable in the best interests of the Corporation and the shareholders, all in accordance with the Liquidation Plan and the OBCA:

- the setting of a record date and payment of the Initial Distribution;
- the filing of notice of intended wind-up with the Director under the OBCA and the filing of such notice in the Ontario Gazette no later than 10 days thereafter;
- the sale of any of the Corporation's remaining non-cash property and assets (see "Distribution of Assets – Winding Up Distributions" below);
- the appointment of the Liquidator;
- the delisting of the Common Shares from the CSE (see "Trading of Shares" below);
- the payment of or the making of reasonable provision for the payment of all claims and obligations known to the Corporation, and the making of reserves as will be reasonably likely to be sufficient to provide compensation for any claim against the Corporation which is the subject of a pending action, suit or proceeding to which the Corporation is a party, including, without limitation, the establishment and setting

aside of a reasonable amount of cash and/or property to satisfy such claims against and obligations of the Corporation;

- the final distribution to shareholders of any remaining cash of the Corporation; and
- the dissolution of the Corporation.

The Liquidator may delay any final distribution pending receipt of tax clearance certificates from the Canada Revenue Agency. There is no way to determine when these tax clearance certificates will be issued, and it will likely be one or more years before the tax clearance certificates are issued and the final distribution is made.

### **Trading of Shares**

The Common Shares are currently listed and posted for trading on the CSE. Pursuant to section 198 of the OBCA, all transfers of the Common Shares taking place after the commencement of the Winding Up would be void unless made with the sanction of the liquidator. Pursuant to the Liquidation Plan, the Board, in its capacity as liquidator, will consent to maintaining the listing of the Common Shares on the CSE following commencement of the Winding Up until such time as the Liquidator is appointed. It is the intention of the Corporation that the Common Shares will continue to trade on the CSE until such time as the Liquidator is appointed, at which time the Common Shares will be delisted from the CSE. As a result, it is expected that shareholders will continue to be able to trade Common Shares on the CSE for a period of time after commencement of the Winding Up, subject to the Corporation continuing to comply with applicable listing requirements.

### **Distribution of Assets**

#### **Winding Up Distribution(s)**

The following discussion assumes that the Special Resolution is passed by the Corporation's shareholders at the Meeting. **If the Special Resolution is not passed by the Corporation's shareholders at the Meeting, the Winding Up will not commence, the Liquidation Plan will not have been approved and the Initial Distribution will not be made.**

Pursuant to the Liquidation Plan, the Board will set a record date for the payment of the Initial Distribution as promptly as practicable following the Meeting, and the Corporation will make payment of the Initial Distribution as a reduction of stated capital. Thereafter, the Corporation intends to liquidate any remaining non-cash assets, for the best price available as soon as reasonably practicable after the commencement of the Winding Up and, after paying or making reasonable provision for the payment of any claims against and obligations of the Corporation, distribute any remaining cash to shareholders.

Pursuant to section 34 of the OBCA, the Corporation may reduce the stated capital of its outstanding shares by distributing to the holders of its Common Shares an amount not exceeding the stated capital of the Common Shares. Such a reduction in stated capital requires the Corporation to meet certain solvency tests under the OBCA before the reduction in stated capital can be made. Amounts distributed by way of a reduction of stated capital may, in certain circumstances, be received free of Canadian tax by a shareholder. Amounts distributed otherwise than by way of a reduction in stated capital generally will be treated as taxable dividend. See "Certain Canadian Federal Income Tax Considerations".

The Corporation will continue to incur claims, liabilities and expenses (such as salaries and benefits, directors' and officers' insurance, payroll and taxes, facilities expenses, legal, accounting and consulting fees, rent and miscellaneous office expenses) following commencement of the Winding Up until its completion. Satisfaction of these claims, liabilities and expenses will reduce the amount of assets available for ultimate distribution to shareholders. The Corporation is not able to predict with certainty the precise nature, amount or timing of any distributions beyond the Initial Distribution, primarily due to the difficulty in predicting the amount of its remaining liabilities and the amount of costs and expenses that the Corporation will incur during the course of the Winding Up, and the net value, if any, of its remaining non-cash assets, and the fact that, if the Winding Up and Liquidation Plan are approved following the Initial Distribution, the Liquidator, together with the Inspectors, will have the power and authority to approve the number, amount and timing of any further distributions in the best interests of the Corporation and its shareholders. In addition, after the Initial Distribution the timing and amount of any further distributions may be impacted by (i) the Canada

Revenue Agency completing any outstanding audits or assessments of the Corporation's and its subsidiaries final tax returns and the issuance of tax clearance certificates to the Liquidator in respect of the Corporation, and (ii) the number and complexity of claims and whether any disputed claims can be reserved for or processed in an expedited manner. There is no way to determine when the tax clearance certificates will be issued, and the delay may be one or more years to obtain the clearance certificate. The Liquidator may defer all or any of the distributions (following the Initial Distribution) pending receipt of the tax clearance certificates.

### **Estimated Amount Available for Distribution to Shareholders**

The amount of funds available for distribution under the Winding Up will depend on a number of factors, including ongoing public company costs, and the expenses of the Winding Up (such as salaries and benefits, directors' and officers' insurance, payroll and taxes, facilities expenses, legal, accounting and consulting fees, rent and miscellaneous office expenses, including liquidation expenses for Khan BV), as well as reserves for potential tax liabilities and contingent liabilities ("**Reserves**"). Set out below is a preliminary estimate of available cash for distribution pursuant to the Winding Up. After the Initial Distribution, the remaining proceeds which will ultimately be available for distribution to shareholders may vary materially from the preliminary estimates set forth below, which are based on the Corporation's current estimates of the amounts which may be required to satisfy the obligations of the Corporation and to pay the costs and expenses of operating the Corporation until it is dissolved. See "Risk Factors – Uncertainty of Winding Up Distribution Amounts".

### Certain Canadian Federal Income Tax Considerations

The following is a summary of the principal Canadian federal income tax consequences generally applicable under the *Income Tax Act* (Canada) ("**Tax Act**") to shareholders of the Corporation on the Winding Up and the distribution of any cash in accordance with the Liquidation Plan.

This summary is based on the current provisions of the Tax Act and the regulations thereunder, and an understanding of the current administrative practices of the Canada Revenue Agency ("**CRA**") published in writing and all specific proposals to amend the Tax Act publically announced by on behalf of the Minister of Finance (Canada) prior to the date hereof ("**Tax Proposals**"). There can be no assurance that the Tax Proposals will be implemented in their current form or at all. This summary does not otherwise take into account or anticipate any changes in income tax law or administrative practice, whether by judicial, governmental or legislative decision or action, nor does it take into account provincial, territorial or foreign tax considerations, which may differ significantly from those discussed herein. This summary is not exhaustive of all Canadian federal income tax considerations. This summary is not applicable to a person that is a "financial institution" as defined in the Tax Act for the purposes of the "mark-to-market" rules, a person that is a "specified financial institution" as defined in the Tax Act, a person who has made an election under the functional currency rules in section 261 of the Tax Act, a person an interest in which is a "tax shelter investment" as defined in the Tax Act, or a person who has entered into a "derivative forward agreement" (as defined in the Tax Act) in respect of Common Shares. In addition, this summary assumes that any distributions made pursuant to the Liquidation Plan are considered to occur on the winding-up or discontinuance of the Corporation's business for the purposes of the Tax Act.

**This summary is of a general nature only and is not intended to be, nor should it be considered to be, legal or tax advice to any particular shareholder and no representation is made with respect to the income tax consequences to any particular shareholder. Accordingly, shareholders should consult their own tax advisors concerning the application and effect of the income and other taxes of Canada and of any other relevant country, province, territory, state or local tax authority, having regard to their particular circumstances.**

### Residents of Canada

The following portion of the summary is applicable to shareholders who, at all relevant times and for the purposes of the Tax Act, are resident or deemed to be resident in Canada, hold their Common Shares as "capital property" and deal at arm's length with and are not "affiliated" with the Corporation ("**Resident Shareholders**").

Generally, Common Shares will be considered to be capital property to a Resident Shareholder provided that the Resident Shareholder does not hold the Common Shares in the course of carrying on a business or has not acquired them in one or more transactions considered to be an adventure or concern in the nature of trade. Certain Resident Shareholders whose Common Shares might not otherwise qualify as capital property may, in certain circumstances, make an irrevocable election in accordance with subsection 39(4) of the Tax Act to have the Common Shares, and every other "Canadian security" as defined in the Tax Act owned by such Resident Shareholder in the taxation year of the election and in all subsequent taxation years, deemed to be capital property.

## **Distributions to Resident Shareholders**

### *Initial Distribution and Subsequent Distributions*

A Resident Shareholder will not be considered to have received a dividend on the Initial Distribution or any subsequent distribution made as a reduction in stated capital and "paid-up capital" (as defined in the Tax Act) of the Common Shares, provided the aggregate of any cash received on such distribution does not exceed the "paid-up capital" in respect of the Resident Shareholder's Common Shares immediately prior to such distribution. The paid-up capital of each Common Share for purposes of the Tax Act is currently estimated to be \$0.876. As such, the Corporation anticipates that the Initial Distribution will be below the current estimated aggregate paid-up capital amount of \$79.0 million and anticipates that a Resident Shareholder will not be deemed to have received a dividend in connection with the Initial Distribution. The Corporation anticipates that if the subsequent distributions made as a reduction in stated capital of the Common Shares exceed \$0.026 per share that the excess will be treated as a taxable dividend for purposes of the Tax Act. The tax consequences to a Resident Shareholder of receiving a dividend are generally as described below under the heading "Taxation of Dividends".

Any portion of an Initial Distribution or subsequent distribution received as a reduction of the "paid-up capital" (as defined in the Tax Act) in respect of the Resident Shareholder's Common Shares will be subtracted from the Resident Shareholder's adjusted cost base of its Common Shares. To the extent that such reduction in paid-up capital exceeds the adjusted cost base to the Resident Shareholder of the Common Shares, the adjusted cost base of the Common Shares to the Resident Shareholder will be reduced to nil and the excess of such paid-up capital reduction over the resulting reduction in adjusted cost base will be deemed to be a capital gain of the Resident Shareholder for the year from the disposition of the Common Shares. The tax consequences to a Resident Shareholder of any such capital gain are generally as described below under the heading "Taxation of Capital Gains and Losses".

### *Final Distribution on Cancellation of Common Shares*

On the final distribution occurring on the cancellation of the Common Shares, a Resident Shareholder will be considered to have received a dividend to the extent that the aggregate of any cash received on such distribution exceeds the "paid-up capital" (as defined in the Tax Act) in respect of the Common Shares determined immediately before their cancellation. The tax consequences to a Resident Shareholder of receiving a dividend are generally as described below under the heading "Taxation of Dividends".

Any portion of such final distribution not received as a dividend will be treated as proceeds of disposition of the Common Shares. The Resident Shareholder will realize a capital gain (or capital loss) on the disposition of the Common Shares equal to the amount by which the Resident Shareholder's proceeds of disposition, net of any costs of disposition, exceed (or are less than) the adjusted cost base to the Resident Shareholder of the Common Shares. Generally, a Resident Shareholder will not realize a capital gain as a result of the final distribution (and the interim distributions) where the paid-up capital in respect of the Resident Shareholder's Common Shares prior to the interim distributions is less than the adjusted cost base to the Resident Shareholder of its Common Shares. The tax consequences to a Resident Shareholder of capital gains and capital losses are generally as described below under the heading "Taxation of Capital Gains and Losses".

## **Taxation of Dividends**

Any dividend that is, or is deemed to be, received by a Resident Shareholder who is an individual will be subject to the gross-up and dividend tax credit rules normally applicable to taxable dividends received by Canadian resident individuals from a taxable Canadian corporation, including the enhanced gross-up and dividend tax credit if the dividend recipient receives notice from the Corporation designating the dividend as an "eligible dividend".

Any dividend that is, or is deemed to be, received by a Resident Shareholder that is a corporation will be included in computing the Resident Shareholder's income as a dividend, and will ordinarily be deductible in computing its taxable income. A dividend received by a corporation resident in Canada may be deemed to be a gain from the disposition of capital property pursuant to subsection 55(2) of the Tax Act. A corporation that receives a dividend should consult its own tax advisor having regards to the application of subsection 55(2) to it. To the extent that such

a deduction is available, private corporations (as defined in the Tax Act or in section 55(2) of the Tax Act) and certain other corporations may be liable to pay refundable tax under Part IV of the Tax Act at a rate of 33.33% of the amount of the dividend. The rate of this refundable tax will be increased to 38.33% for taxation years that end after 2015. For a taxation year beginning before 2016 but ending in 2016, the rate increase will be prorated based on the number of days in the taxation year after 2015 over the total number of days in the year.

### **Taxation of Capital Gains and Losses**

Generally, a Resident Shareholder will be required to include in computing its income for a taxation year one-half of any capital gain (a "taxable capital gain") realized by it in that year. A Resident Shareholder will generally be entitled to deduct one-half of the amount of any capital loss (an "allowable capital loss") realized in a taxation year from taxable capital gains realized by the Resident Shareholder in that year, and any excess may be carried back to any of the three preceding taxation years or carried forward to any subsequent taxation year and deducted against net taxable capital gains realized in such years, to the extent and under the circumstances specified in the Tax Act.

The amount of a capital loss realized on the disposition of a Common Share by a Resident Shareholder that is a corporation may, to the extent and under the circumstances specified in the Tax Act, be reduced by the amount of dividends on the Common Shares received or deemed to be received by the Resident Shareholder, to the extent and in the circumstances set out in the Tax Act. Similar rules may apply where Common Shares are owned by a partnership or trust of which a corporation, trust or partnership is a member or beneficiary. Resident Shareholders to whom these rules may be relevant should consult their own tax advisors in this regard.

A Resident Shareholder that is a "Canadian-controlled private corporation" (as defined in the Tax Act) may be liable to pay an additional refundable tax of 10 $\frac{2}{3}$ % on its "aggregate investment income" for the year, which is defined to include an amount in respect of taxable capital gains for taxation years commencing after 2015. For taxation years ending in 2016 that began before 2016, the rate of refundable tax will be prorated between 6 $\frac{2}{3}$ % for the number of days in the taxation year in 2015 and 10 $\frac{2}{3}$ % for the number of the days in the taxation year in 2016.

### **Alternative Minimum Tax**

A capital gain realized, or a dividend received (or deemed to be received) by a Resident Shareholder that is an individual, including a trust (other than certain specified trusts), may give rise to a liability for alternative minimum tax. Such Resident Shareholders should consult their own tax advisors with respect to the alternative minimum tax rules set out in the Tax Act.

### **Non-Residents of Canada**

The following portion of the summary is applicable to shareholders who, at all relevant times and for purposes of the Tax Act, are not resident or deemed to be resident in Canada and do not use or hold, and are not deemed to use or hold, their Common Shares in connection with carrying on a business in Canada ("**Non-Resident Shareholders**"). Special rules not discussed in this summary may apply to a non-resident insurer carrying on an insurance business in Canada and elsewhere, and any such insurers should consult their own tax advisors.

### **Distributions to Non-Resident Shareholders**

#### *Initial Distribution and Interim Distributions*

A Non-Resident Shareholder will not be considered to have received a dividend on the Initial Distribution or any subsequent distribution made as a reduction in stated capital and "paid-up capital" (as defined in the Tax Act) of the Common Shares, provided the aggregate of any cash received on such distribution does not exceed the paid-up capital in respect of the Non-Resident Shareholder's Common Shares immediately prior to such distribution. The paid-up capital of each Common Share for purposes of the Tax Act is currently estimated to be \$0.876. As such, the Corporation anticipates that the Initial Distribution will be below the current aggregate paid-up capital amount of \$79.0 million and anticipates that a Non-Resident Shareholder will not be deemed to have received a dividend in connection with the Initial Distribution. The Corporation anticipates that if the subsequent distributions made as a

reduction in stated capital of the Common Shares exceed \$0.026 per share that the excess will be treated as a taxable dividend for purposes of the Tax Act. The tax consequences to a Non-Resident Shareholder of receiving a dividend are generally as described below under the heading "Taxation of Dividends".

Any portion of an interim distribution received as a reduction of the "paid-up capital" (as defined in the Tax Act) in respect of the Non-Resident Shareholder's Common Shares will be subtracted from the Non-Resident Shareholder's adjusted cost base of its Common Shares. To the extent that such reduction in paid-up capital exceeds the adjusted cost base to the Non-Resident Shareholder of the Common Shares, the adjusted cost base of the Common Shares to the Non-Resident Shareholder will be reduced to nil and the excess of such paid-up capital reduction over the resulting reduction in adjusted cost base will be deemed to be a capital gain of the Non-Resident Shareholder for the year from the disposition of the Common Shares. The tax consequences to a Non-Resident Shareholder of any such capital gain are generally as described below under the heading "Taxation of Capital Gains and Losses".

#### *Final Distribution on Cancellation of Common Shares*

On the final distribution occurring on the cancellation of the Common Shares, a Non-Resident Shareholder will be considered to have received a dividend to the extent that the aggregate of any cash received on such distribution exceeds the "paid-up capital" (as defined in the Tax Act) in respect of the Common Shares determined immediately before their cancellation. The tax consequences to a Non-Resident Shareholder of receiving a dividend are generally as described below under the heading "Taxation of Dividends".

Any portion of such final distribution not received as a dividend will be treated as proceeds of disposition of the Common Shares. The Non-Resident Shareholder will realize a capital gain (or capital loss) on the disposition of the Common Shares equal to the amount by which the Non-Resident Shareholder's proceeds of disposition, net of any costs of disposition, exceed (or are less than) the adjusted cost base to the Resident Shareholder of the Common Shares. Generally, a Non-Resident Shareholder will not realize a capital gain as a result of the final distribution (and the interim distributions) where the paid-up capital in respect of the Non-Resident Shareholder's Common Shares prior to the interim distributions is less than the adjusted cost base to the Non-Resident Shareholder of its Common Shares. The tax consequences to a Non-Resident Shareholder of capital gains and capital losses are generally as described below under the heading "Taxation of Capital Gains and Losses".

#### **Taxation of Dividends**

Any dividend that is, or is deemed to be, paid or credited by the Corporation to a Non-Resident Shareholder will be subject to Canadian withholding tax at a rate of 25% or such lower rate as may be provided under the terms of an applicable Canadian income tax treaty. Under the Canada-United States Income Tax Convention the rate of withholding tax on dividends paid or credited to a Non-Resident Shareholder that is entitled to the benefits of such treaty is generally reduced to 15% of the gross amount of the dividends. As stated above, the Corporation believes Non-Resident Shareholders will not be deemed to have received a dividend in connection with the Interim Distribution.

#### **Taxation of Capital Gains**

A Non-Resident Shareholder will not be subject to tax under the Tax Act in respect of a capital gain realized on the disposition of the Common Shares provided the Common Shares do not constitute "taxable Canadian property" for the purposes of the Tax Act. The Common Shares will not generally constitute taxable Canadian property to a Non-Resident Shareholder at the time of disposition provided that at no time during the previous 60-month period was more than 50% of the fair market value of such Common Shares derived directly or indirectly from real or immovable property situated in Canada or certain other properties. The Corporation does not believe that, at any time in the 60-month period ending on the date hereof, more than 50% of the fair market value of the Common Shares was derived from real or immovable property situated in Canada or such other property. The Common Shares may be deemed to constitute taxable Canadian property to a particular Non-Resident Shareholder in certain circumstances under the Tax Act.

In the event that the Common Shares constitute taxable Canadian property to a particular Non-Resident Shareholder, any resulting capital gain may be exempt from tax under the Tax Act in accordance with any applicable income tax treaty.

**This Circular does not address any tax considerations other than certain Canadian federal income tax considerations. Shareholders who are resident in jurisdictions other than Canada should consult their own tax advisors with respect to the tax implications in such jurisdictions of the Winding Up and any distributions that may be made in connection therewith. All shareholders should consult their own tax advisors regarding provincial, territorial or other tax considerations of the Winding Up and any distributions that may be made in connection therewith.**

### **Status as a Reporting Issuer**

Following the Effective Date, the Corporation will continue to be a reporting issuer and be subject to continuous disclosure and other regulatory requirements as required under applicable legislation. As a result, the Corporation will continue to incur the costs associated with being a reporting issuer.

As discussed above under "Trading of Shares", it is expected that the Common Shares will continue to trade on the CSE until such time as the Board, in its sole discretion, appoints a Liquidator. It is expected that, as promptly as practicable following the appointment of the Liquidator, the Common Shares will be delisted from the CSE. The Corporation will be required to comply with continuous disclosure obligations applicable to reporting issuers during that time. Once the Common Shares have ceased trading on the CSE, the Liquidator, in consultation with the Inspectors, will ascertain the advisability of making an application for relief from the Corporation's continuous disclosure reporting obligations, based on the circumstances at that time, including the anticipated timing of the completion of the Winding Up and the extent to which the Liquidator will provide periodic reports to shareholders.

### **Legal Matters**

Certain legal matters in connection with the Winding Up will be passed upon by the Corporation's legal counsel, Davies Ward Phillips & Vineberg LLP ("DWPV"), Toronto, Ontario, on behalf of the Corporation. As of the date of this Circular, partners and associates of DWPV own beneficially, directly or indirectly, less than 1% of the outstanding Common Shares.

### **Recommendation of the Board of Directors**

**The Board of Directors recommends that shareholders vote in favour of the Special Resolution set out in Appendix A approving the Winding Up of the Corporation, the Liquidation Plan and the Initial Distribution.**

In order to be effective, the Special Resolution must be passed by the affirmative vote of a two-thirds (66⅔%) majority of the votes cast at the Meeting with respect to such resolution. Unless a shareholder directs that his or her Common Shares are to be voted against the Winding Up persons named in the enclosed form of proxy intend to vote for such resolution. Approval of the Winding Up will give the Board of Directors and the Liquidator the authority to complete the Liquidation Plan as described herein.

## **RISK FACTORS**

### **Uncertainty of Distribution Amounts**

Even after commencement of the Winding Up, legal actions or other proceedings may be commenced against the Corporation with leave of the Court, although management is not aware of any material litigation at this time. There are also uncertainties related to the ability for the Corporation to obtain tax clearance certificates, as well as possible tax liabilities and other contingent liabilities. It may take several years before tax clearance certificates are obtained, and the Liquidator may defer making distributions pending the receipt of these certificates. In addition, ongoing corporate costs of the Corporation will reduce the amount available for distribution to shareholders. Until the Corporation ceases to be a reporting issuer, it will continue to incur reporting issuer costs.

As a result, after the Initial Distribution of \$0.85 per share, the amount of remaining cash and/or assets to be distributed to shareholders as Winding Up distributions cannot currently be quantified with certainty and is subject to change. Accordingly, you will not know the exact amount of any Winding Up distributions you may receive as a result of the Liquidation Plan when you vote on the proposal to approve the Liquidation Plan. You may receive substantially less than your *pro rata* share of the net assets of the Corporation, as set out on its most recent balance sheet. While there is no guarantee as to the amount of any final shareholder distribution after the Initial Distribution, the Corporation currently expects to distribute at least a per share amount of approximately \$0.01 based on recent estimates of anticipated claims and obligations to be settled and expected expenses of the Winding Up. See "Distribution of Assets – Estimated Amount Available for Distribution to Shareholders" for more details.

### **Potential Liability of Shareholders**

Under the OBCA, despite the Winding Up and dissolution of the Corporation, each Shareholder to whom any of its property has been distributed is liable to any person claiming under section 242 of the OBCA to the extent of the amount received by that Shareholder upon the distribution, and an action to enforce such liability may be brought.

Section 242 of the OBCA provides that, despite the dissolution of a corporation under the OBCA, a civil, criminal or administrative action or proceeding may be brought against the Corporation, as if the Corporation had not been dissolved, and provides, among other things, that any property that would have been available to satisfy any judgment or order if the Corporation had not been dissolved, remains available for such purpose.

The potential for shareholder liability regarding a distribution continues until the statutory limitation period for the applicable claim has expired. Under the OBCA, the dissolution of the Corporation does not remove or impair any remedy available against the Corporation for any right or claim existing, or any liability incurred, prior to such dissolution or arising thereafter.

### **Discontinuance of Winding Up**

The Winding Up will become effective and commence upon passing of the Special Resolution at the Meeting, which is expected to occur on November 10, 2016. However, notwithstanding shareholder approval of the Special Resolution, at any time until appointment of the Liquidator, the Board of Directors will retain the discretion to discontinue the Winding Up if it determines that continuing with the Winding Up is no longer in the best interests of the Corporation and its Shareholders.

### **INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON**

No director or executive officer of the Corporation, nor any person who has held such a position since the beginning of the last completed financial year end of the Corporation, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise in any matter to be acted upon at this Meeting other than as a result of their ownership of Common Shares which would entitle them to the same distribution being paid to all shareholders pursuant to the Winding Up.

### **INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS**

No informed person of the Corporation, none of the persons who have been directors or executive officers of the Corporation since the commencement of the Corporation's last financial year, and no associate or affiliate of any of them has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any transaction since the commencement of the Corporation's most recently completed financial year or in a proposed transaction that has materially affected or would materially affect the Corporation, other than as a result of their ownership of Common Shares which would entitle them to the same distribution being paid to all shareholders pursuant to the Winding Up.
