Notes to the Condensed Consolidated Financial Statements

As at and for the six months ended March 31, 2017

1 Corporate information

Khan Resources Inc. has no operations and is in voluntary liquidation. Khan Resources B.V. is the remaining subsidiary of the Company. The Company along with its subsidiary companies (collectively the "Company" or "Khan"), was involved in acquiring, exploring and developing mineral properties in Mongolia.

The Company is a publicly listed company incorporated in Canada under the legislation of the Province of Ontario. The Company's shares are listed on the Canadian Securities Exchange.

The registered office of the Company is located at The Exchange Tower, P.O. Box 427 130 King Street West, Suite 1800, Toronto, Ontario, Canada M5X 1E3.

The Company initiated an International Arbitration action in January 2011 against the Government of Mongolia and its state-owned uranium company, Monatom LLC for the Government of Mongolia's failure to reissue the Company's mining and exploration licenses for the Dornod project. On March 2, 2015 the International Arbitration Tribunal rendered an award to the Company as compensation for the Government of Mongolia's actions in relation to the cancellation of Khan's uranium licenses in 2009.

On May 18, 2016, the Company announced that it had received (U.S.) \$70 million (\$90,594 Canadian at September 30, 2016) from the Government of Mongolia in settlement of all outstanding matters pursuant to the international arbitration award received by the Company. The subsidiaries of the Company collectively received an award of (U.S.) \$55,167 (\$70,000 less costs of \$14,833 funded by the parent company). The allocation of the award is based upon an estimate of each entity's interest in the underlying historic assets of the two Mongolian subsidiaries (now sold). The arbitration award received by the subsidiaries is considered to be proceeds in respect of the impairment in value of the receivables from and shares of the Mongolian subsidiaries, as applicable.

During the first quarter, on November 10, 2016 the Company announced that the shareholders of the Company had approved a special resolution for the voluntary liquidation and dissolution of Khan. The shareholders also approved, pursuant to the winding up, an initial distribution of \$0.85 per share by way of a return of capital that was paid on November 29, 2016 to shareholders of record at November 22, 2016.

Subsequent to the March 31, 2017 date of these unaudited condensed interim consolidated financial statements, on May 8, 2017, the board of directors announced that it had determined that it will not proceed with the liquidation plan that was approved by the Company's shareholders on November 10, 2016. The liquidation plan approved by the shareholders provided that the board of directors was authorized not to proceed with the liquidation of the Company if it determines in its discretion that doing so is no longer in the best interests of the Company or its shareholders. The Company's board of directors has determined that it is in the best interest of the Company and its shareholders to consider other possible strategic alternatives for the Company with a view to maximizing its value for the benefit of its shareholders. See also Note 13.

2 Basis of preparation

a. Statement of compliance

These unaudited condensed interim consolidated financial statements have been prepared in accordance with IAS 34, *Interim Financial Reporting*. The unaudited condensed interim consolidated financial statements do not include all disclosures normally provided in annual consolidated financial statements and should be read in conjunction with the Company's 2016 annual consolidated financial statements which have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and their interpretations issued by the IFRS Interpretations Committee. The Board of Directors authorized these unaudited interim condensed consolidated financial statements for issue on **May 4, 2017**.

b. Change in basis of presentation

On November 10, 2016 the Company announced that the shareholders of the Company had approved a special resolution to implement the voluntary liquidation and dissolution of Khan. Consequently these condensed interim consolidated financial statements have been prepared on the basis that the Company is no longer a going concern. This condensed interim consolidated financial statements as at March 31, 2017 and for the six months then ended along with the comparative period ended March 31, 2016 has been prepared on a liquidation basis of accounting. Under the liquidation basis of accounting, the Company measures its assets based on their net realizable value and its liabilities based on their settlement amounts. The

March 31, 2017 condensed interim consolidated financial statements have been prepared primarily using fair values which in this case, approximates the net realizable value of the assets and the settlement amounts of the liabilities. The condensed interim consolidated financial statements as at March 31, 2016 have been reclassified to conform to a liquidation basis of accounting.

The condensed interim consolidated financial statements as at March 31, 2017 and for the six months then ended includes certain costs and fees to be incurred to liquidate the residual assets of the Company and for the specific wind-up activities of the Company. The condensed interim consolidated financial statements do not include anticipated operating costs and overhead for the wind-up period or provision for the settling of contingent liabilities. These costs may be material and the amounts disclosed as net assets in liquidation in total or on a per share basis will change. Consequently the actual amounts available for distribution to shareholders will change and such changes may be material.

c. Use of estimates and judgments

The preparation of condensed interim consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these condensed interim consolidated financial statements, the significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the Company's 2016 annual consolidated financial statements.

3 Significant accounting policies

The accounting policies adopted are consistent with those of the previous financial year. There are no new IFRS standards, amendments and interpretations that are effective for the first time for this interim period that would be expected to have a material impact on the Company.

4 Cash, cash equivalents and restricted cash

As at March 31, 2017, the Company had cash of \$8,020 (September 30, 2016 - \$4,814) and held no cash equivalents (September 30, 2016 - \$80,000). At September 30, 2016 cash equivalents consisted of a guaranteed investment certificate with a maturity date of less than three months. In the first quarter, the Company distributed \$76,642 to shareholders by way of a return of capital.

Restricted cash consists of a guaranteed investment certificate pledged as security for a corporate credit card facility. This guaranteed investment certificate has a maturity date of less than one year.

5 Investments

At March 31, 2017 the Company held no investments. At September 30, 2016 the Company held equity instruments in the form of 1,055,291 common shares of Plateau Uranium Inc. with a fair value of \$264. During the second quarter, the Company sold all these shares for cash proceeds of \$685. See also Note 8.

6 Equipment

Tangible assets consisting of office furniture, computers and software are located at the Company's registered office. Due to the voluntary liquidation and dissolution of Khan, management has determined that these tangible assets have been impaired. This equipment has a net carrying value of \$1 before impairment.

7 Provisions

	Liquidation provision
Provision at October 1, 2015	-
Additions	1,450
Used (incurred and charged against the provision)	-
Reversed during period	-
Exchange differences	-
Provision at September 30, 2016	1,450
Additions	-
Used (incurred and charged against the provision)	(426)
Reversed during the period	-
Exchange differences	-
Provision at March 31, 2017	1,024

The provision for liquidation costs includes restructuring costs that qualify as obligations. Only costs incremental to winding up the Company have been recognized. These estimated costs include legal expenses for liquidating the Company, tax consulting on final dissolution tax returns, transfer agent fees for the distribution of funds and deregistration of shareholders, employee severances, record retention costs and insurance.

The provision does not include costs related to ongoing operations during the liquidation period nor provision for possible contingent liabilities. These costs may be significant and include costs related to preparing financial statements and related audit services, tax services for preparing and filing tax returns before final dissolution, services of the transfer agent, employee wages, management contracts, corporate governance costs, insurance, shareholder reporting, events and meetings and the cost of office premises. These costs may be material and the amounts disclosed as net assets in liquidation will change. The actual amounts available for distribution to shareholders will change and such changes may be material.

8 Accumulated other comprehensive income

Notes	Mar. 31 2017	Sep. 30 2016
Financial assets account (a)		
Balance at the beginning of the financial period	(3,540)	(3,487)
Net fair value adjustment of equity instrument	365	(53)
Reclassification to deficit due to disposal of equity instrument	3,175	
Accumulated other comprehensive income	-	(3,540)

(a) The financial assets account represents the revaluation of the investment that is measured through other comprehensive income (FVOCI). All changes, subsequent to initial recognition of the investment at fair value, are recognized in OCI. Gains or losses recognized in OCI are not subsequently transferred to profit or loss, although the Company may determine to transfer the cumulative gain or loss within equity.

9 Share-based compensation

There were no share options granted to directors, officers and employees during the six months ended March 31, 2017 or during the six months ended March 31, 2016. Consequently, no share-based compensation was recognized in this reporting period or in the comparable reporting period in the prior year.

From October 1, 2016 to November 17, 2016, certain directors, officers and employees of the Company exercised all outstanding share options as at September 30, 2016 acquiring 1,500,000 shares for total proceeds of \$698. Included with these shares were 200,000 shares and proceeds of \$91 related to a management entity that provides key management personnel services to the Company.

As a result of this exercise of share options, there were no share options outstanding at March 31, 2017.

10 Management compensation

	Three months		Six months	
	2017	2016	2017	2016
Directors' fees	44	37	63	65
Salaries and short-term benefits	74	62	149	129
Total management compensation	118	99	212	194

Included in management compensation are costs incurred related to management entities that provide key management personnel services to the Company. The salary included in these costs is \$40 for the three months ended March 31, 2017 (2016 - \$29) and \$84 for the six months ended March 31, 2017 (2016 - 64).

11 Related party transactions

During the first quarter, certain directors, officers and employees of the Company exercised all outstanding share options as at September 30, 2016 acquiring 1,500,000 shares for total proceeds of \$698. Included with these shares were 200,000 shares and proceeds of \$91 related to a management entity that provides key management personnel services to the Company.

12 Income tax

	Three months		Six months	
	2017	2016	2017	2016
Current income tax recoverable (expense) (a)	93	-	93	-
Deferred tax recovery (expense) (b)	51	(4)	56	1
Income tax recoverable (expense)	144	(4)	149	1
Deferred tax recognized in other comprehensive income	(51)	4	(56)	(1)
Total income tax recoverable (expense)	93	-	93	-

(a) Changes in estimates related to the prior year

(b) Recognition of deferred tax asset originated in profit and loss.

The current tax asset of \$458 (September 30, 2016 - \$570) was reduced by \$112 related to liquidation provision expenditures recognized over the first six months.

The current income tax liability of \$306 (September 30, 2016 - \$1,125) consists of an estimated liability related to Netherlands withholding tax on an expected dividend from Khan Resources BV of \$418 less income taxes recoverable of \$112.

Non-capital losses

At September 30, 2016, the Company had utilized all its Canadian non-capital losses and therefore has nil (2015 - \$28,890) available for deduction against future taxable income. Netherlands tax losses of approximately \$545 (2015 - \$391) are available for deduction against future taxable income and these losses, if unutilized, will expire from 2019 to 2026. None of the tax losses have been tax-benefited.

Judgment is required in determining whether deferred tax assets are recognized on the balance sheet. Deferred tax assets, including those arising from un-utilized tax losses require management to assess the likelihood that the Company will generate taxable earnings in future periods, in order to utilize recognized deferred tax assets. Estimates of future taxable income are based on forecast cash flows from operations and the application of existing tax laws in each jurisdiction. To the extent that future cash flows and taxable income differ significantly from estimates, the ability of the Company to realize the net deferred tax assets recorded at the reporting date could be impacted. Additionally, future changes in tax laws in the jurisdictions in which the Company operates could limit the ability of the Company to obtain tax deductions in future periods.

Netherlands preliminary tax assessment

On February 15, 2017 the Company received an income tax reassessment from the Netherlands tax authority reassessing the Company's subsidiary KRBV for an amount payable of 3.3 million euros. This reassessment was pursuant to management challenging an earlier preliminary assessment for an amount payable by KRBV of 11.4 million euros. The preliminary tax assessment and the reassessment were both issued before KRBV had filed its 2016 tax return and as such are based on incomplete information. Based on tax professionals advice, management is of the opinion that the reassessed amount payable of 3.3 million euros continues to be an over assessment. The 2016 tax return has since been filed and management believes that this issue will be resolved when the Netherlands tax authority has the opportunity to review all the facts. As a result no provision has been made for this reassessment in these consolidated financial statements.

13 Subsequent event

Termination of the Liquidation Plan

On May 5, 2017 at the Company's annual meeting, the shareholders of the Company elected a new board of directors. On May 8, 2017 the board of directors announced that it had determined that it will not proceed with the liquidation plan that was approved by the Company's shareholders on November 10, 2016. The liquidation plan approved by the shareholders provided that the board of directors was authorized not to proceed with the liquidation of the Company if it determines in its discretion that doing so is no longer in the best interests of the Company or its shareholders. The Company's board of directors has determined that it is in the best interest of the Company and its shareholders to consider other possible strategic alternatives for the Company with a view to maximizing its value for the benefit of its shareholders.

14 Comparative financial statements

The comparative financial statements have been reclassified from statements previously presented to conform to the presentation of these March 31, 2017 condensed interim consolidated financial statements. See also Note 2b.
